

Independent Auditors' Report

To the Directors of
Edelweiss Commodities Pte. Limited

Report on the Financial Statements

We have audited the accompanying financial statements of **Edelweiss Commodities Pte. Limited** ('the Company'), which comprise the Balance Sheet as at 31 March 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company. This responsibility also includes maintenance of adequate accounting records for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the Standards on Auditing, which requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

Tel.: +91. 22. 4217 3337 | Email: info@ngsco.in

www.ngsco.in

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2016, and its loss and its cash flows for the year ended on that date.

Edelweiss Commodities Pte. Limited

Notes to the financial statements

for the year ended 31 March 2016

(Currency: Indian rupees)

1. Significant accounting policies

1.1 Basis of preparation of financial statements

The accompanying financial statements are prepared and presented in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention, on the accrual basis of accounting, unless otherwise stated, and comply with the Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Companies Act, 2013 (to the extent notified), (hereinafter referred to as 'the Act') and the Schedule III to the Act. The financial statements are presented in Indian Rupees.

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any, arising out of transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date. The exchange differences, if any, are recognised in the statement of profit and loss and related assets and liabilities are accordingly restated in the balance sheet.

1.2 Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires the management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, disclosure of contingent liabilities on date of the financial statements and reported amount of revenue and expenses during the reporting period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from the estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.3 Current-non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle or it is held primarily for the purpose of being traded or it is expected to be realized within 12 months after the reporting date or it is cash or cash equivalent unless it is restricted from being exchanged or expected to be used to settle a liability for at least 12 months after the reporting date. Current assets include the current portion of non-current assets. All other assets are classified as non-current.

Edelweiss Commodities Pte. Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2016

(Currency: Indian rupees)

1. Significant accounting policies (Continued)

1.3 Current-non-current classification (Continued)

Liabilities

A liability is classified as current when it is expected to be settled in the company's normal operating cycle or it is held primarily for the purpose of being traded or it is due to be settled within 12 months after the reporting date or the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current liabilities. All other liabilities are classified as non-current.

1.4 Revenue recognition

- Income from treasury operations comprises of profit/loss on commodities derivative instruments. Realised profit/ loss on closed positions of derivative instruments is recognised on final settlement on squaring-up of the contracts. Outstanding derivative contracts in the nature of forwards are measured at fair value as at the balance sheet date. Fair value is determined using quoted market prices in an actively traded market, for the instrument, wherever available, as the best evidence of fair value. In the absence of quoted market prices in an actively traded market, a valuation technique is used to determine the fair value. In most cases the valuation techniques use observable market data as input parameters in order to ensure reliability of the fair value measure.
- Interest income is recognised on accrual basis.
- Sale of commodity is recognised when all the significant risks and rewards have been passed to the buyer.
- Purchase and sale of bullion is recorded at the price which is fixed between the buyer and the seller at the future date including the contracts where the price is fixed subsequent to the balance sheet date. In case of unfixed purchase/ sale contracts as at the reporting date, the price is recorded at the market rate as on the reporting date.

1.5 Fixed assets and depreciation

Tangible fixed assets

Fixed assets are stated at cost less accumulated depreciation. The cost of fixed assets comprises purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Depreciation is provided on a written down value basis from the date the asset is ready to use or put to use whichever is earlier. In respect of assets sold, depreciation is provided up to the date of disposal.

Edelweiss Commodities Pte. Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2016

(Currency: Indian rupees)

1. Significant accounting policies (Continued)

1.5 Fixed assets and depreciation (Continued)

The Company has evaluated the useful lives of the respective fixed assets which are as follows:

Nature of assets	Useful life
Office Equipments	5 years
Computers	3 years

1.6 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs, is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

1.7 Inventories

The commodity stocks are valued at weighted average cost or net realisable value, whichever is lower.

1.8 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Accounting Standard 20 - Earnings Per Share notified under section 133 of the Companies Act 2013, read together with rule 7 of the Companies (Accounts) Rules, 2014. Basic earnings per share is computed by dividing the net profit after tax attributable to the ordinary shareholders for the year by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue ordinary shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the ordinary shareholders for the year by weighted average number of ordinary shares considered for deriving basic earnings per share and weighted average number of ordinary shares that could have been issued upon conversion of all potential ordinary shares.

Edelweiss Commodities Pte. Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2016

(Currency: Indian rupees)

1. Significant accounting policies (Continued)

1.9 Provisions and contingencies

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognised in the period in which the change occurs.

1.10 Employee benefits

The accounting policy followed by the Company in respect of its employee benefit schemes in accordance with Accounting Standard 15 (revised 2005) is set out below:

Compensated Absences

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge to the statement of profit and loss and corresponding liability on account of such non-vesting accumulated leave entitlement as per IAS 19 and AS 15 –Accounting for employee benefits, based on a valuation by an independent actuary.

The obligation is measured at present values of estimated future cash flows. The discounted rates used for determining the present value are based on the market yields on government securities as at the balance sheet date.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.
